ABOUT

CORONET

Founded in 2004, Coronet has its headquarters in Suzhou, China, subsidiary in L.A, USA. We have evolved from a small scaffold company in 2004 to one of the largest and most successful and qualified scaffolding companies in China. We have worked diligently and successfully together for the past 19 years to make Coronet Scaffold the success it is today, and look forward to Coronet's continued growth and success, going forward into more scaffolding sales and innovations.

[CORONET'S VALUES]
Customers first, Integrity, Teamwork.

OVERVIEW

Coronet Quality

[MATERIAL]

We only use the high quality steel in our products. Our steel facilities in Southern China (Near Shanghai) which is known for the quality of its steel and workmanship.

[WELDING]

Our welding process monitoring and control involves routine or continuous monitoring of process variables, particularly current, time and force.

[FINISHING]

Frame productions are finished and protected by hot-dipped zinc galvanizing or powder coated. This method of finishing maximizes surface durability.

[TRACEABILITY]

Traceability imprinted code on all frames for quality assurance.
